

Fargekart

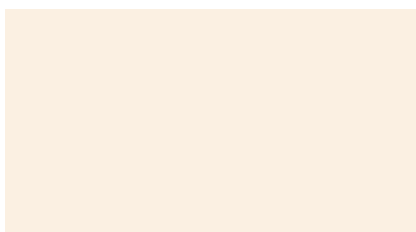

Farger skaper karakter. Rødt for fart og hete følelser. Blått for himmel, hav og harmoni. Bruk fargene til å skape helhet og karakter. Til å forsterke det uttrykket som passer best for deg og båten din. Velger du farger fra dette fargekartet, får du også en båt som passer til skandinavisk smak og kystkultur. En båt som blir veldig lett å like!
